

bundesliga palpites

The underdog in a plus sign (+) in front of the handicap indicates an underdog. The 49ers are the +1.5 underdog in this game, meaning oddsmakers believe they will lose, but only by a point. To win this point spread bet with the 49ers, San Francisco would need to win the game outright or lose by one point exactly. What is the prediction for the 49ers and the Athletics? Sports handicappers usually give their predictions to others in the form of betting lines. - Alloy Sports : blog and Alloy Sports site
